

LENS REMOVAL - STEP 1

- 1] Remove nose piece [see nose piece removal].
- 2] With one hand firmly grasp the frame directly above the nose piece. Do not pull from the edges [Ref A].
- 3] With the opposite hand grasp the lens.
- 4] Firmly pull on the lens to detach the lens from the center of the frame.

Note: Pulling lenses from the corners of the frames [See "A"] may damage the frame or the lenses.

OPTIONAL LEASH CORD

Work the leash cord sleeves over the temple tip until secure.

LENS REMOVAL - STEP 2

- 5] Detach the outer lens hooks from the frame.

NOSE PIECE REMOVAL*

- 1] The nose piece and primary lens are interlocking.

- 2] To detach pull a leg of the nose piece. Once the leg is disengaged the nose piece will simply rotate out.

*Should you require corrective lenses, remove the Rx insert prior to removing the nosepiece. See Rx insert instruction.

MAINTENANCE: Wiley X lenses are specially coated to offer superior abrasion resistance. Please follow below instructions to prolong the life of your lenses and keep them performing at their best:

- Clean lenses with water only.
- Do not use solvents or special cleaners.
- Use micro-fiber cleaning cloth provided to gently wipe clean.
- Never use paper products to clean and avoid wiping lens surface when dry and/or dirty as this may potentially scratch the lens.

WARNING: Wiley X brand eyewear is tested tough. However, impact resistant eyewear is not unbreakable and does not provide unlimited eye protection under all circumstances and conditions. Misused, abused, scratched and/or damaged eyewear can reduce impact protection (and void your limited warranty). Dirty and/or wet eyewear can impair vision and reduce safety (resulting in personal injury and/or property damage). Keep your Wiley X eyewear clean with water only. Do not use solvents or abrasives as it could scratch or damage the product reducing its effectiveness. Store your Wiley X eyewear in the protective case provided to prolong the life of the lenses. Most of all, take all appropriate precautions when wearing your Wiley X eyewear during hazardous and/or dangerous activities and conditions. Wiley X, Inc. is not responsible for personal injury, property damage or losses incurred while using Wiley X brand products.

LENS INSTALLATION - STEP 1

1] Attach outer corners of lens into frame.

LENS INSTALLATION - STEP 2

2] Align center lens slot into center catch of the frame.
3] Squeeze the lens and frame together.

NOSE PIECE INSTALLATION - STEP 1

1] Align grooves of nose piece into the lens.

NOSE PIECE INSTALLATION - STEP 2

2] Position hand as pictured and squeeze together until the nose piece completely seats into the lens.

**Should you require corrective lenses, remove the Rx insert prior to removing the nosepiece. See Rx insert instruction.*

RX INSERT INSTRUCTION

INSTALLING THE CORRECTIVE LENS INSERT

1] Remove the nose piece from the lens as directed in "nose piece removal."

2] Fully insert the post at the top of the nosepiece into the slot of the rx insert.

3] Install the nose piece into the lens.

REMOVING THE CORRECTIVE LENS INSERT

1] Place hands as pictured.
2] Gently push up with thumbs until Rx insert disengages from post.
